# 2025 Community Health Needs Assessment

## *Insight into Thomas H. Boyd Memorial Hospital's population*

Provisions in the Affordable Care Act (ACA) require charitable hospitals to conduct a Community Health Needs Assessment (CHNA). The CHNA is a systematic process involving the community to identify and analyze community health needs as well as community assets and resources in order to plan and act upon priority community health needs.

This assessment process results in a CHNA report that assists the hospital in planning, implementing, and evaluating hospital strategies and community benefit activities. The Community Health Needs Assessment was developed and conducted in partnership with representatives from the community.

This Community Health Needs Assessment will serve as a guide for planning and implementation of healthcare initiatives that will allow the hospital and its partners to best serve the emerging health needs of Greene County and the surrounding area.

### Introduction

Thomas H. Boyd Memorial Hospital dba Boyd Healthcare Services is a 25 bed not for profit Critical Access Hospital. It was opened in September 1941, as an acute care hospital and in 1999 became the first critical access hospital in the State of Illinois. The hospital is licensed by the Illinois Department of Public Health. The hospital maintains a medical unit with a 24-hour Emergency Room Department. We provide primary care in four hospital based certified rural health clinics in three communities in the county. We also manage the only ambulance service located in Greene County. The hospital employees over 140 employees.

Thomas H. Boyd Memorial Hospital completed four Community Health Needs Assessments prior to 2025. The first CHNA was conducted in 2013 and it identified four different needs:

1. Basic wellness services, education and access for all residents
2. Mental Health Issues
3. Addressing access to quality local health care
4. Teen pregnancy

The second CHNA was conducted in 2016 and identified three needs:

1. Wellness and Prevention
2. Mental Health and Substance Abuse
3. Education on key areas: Diabetes, Congestive Heart Failure, Chronic Obstructive pulmonary Disease, Cardiovascular Disease/Stroke and Cancer

The third CHNA conducted in 2019 identified four needs:

1. Mental Health
2. Substance Abuse/Controlled Substance Drugs
3. Local access to specialist services via telehealth.
4. Community Education

The fourth CHNA conducted in 2022 identified five needs.

1. Disease Education
2. Access to free exercise
3. Specialty Clinics
4. More/Better Engagement with Other Healthcare Organizations and Youth
5. An Additional Clinic & Walk-In Clinic

In response to these prior needs assessments, Thomas H. Boyd Memorial Hospital:

- Implemented an indoor walking trail
- Added Locust Street Resource Center with staff here at the hospital weekly
- Added new physicians and mid-level providers to the four hospital based certified rural health clinics
- Offered tele-health services through STAT STROKE and STAT HEART
- Offered tele-health clinic services
- Obtained grants on the reduction of salt throughout the hospital, schools and public
- Offered educational programs on Stroke, Diabetes, Heart Disease, Alzheimers and COPD
- Offered yearly health fair with testing and educational materials
- Have begun offering classes in different areas of the county
- Working with Locust Street to have a substance abuse counselor in the County 3 days a week
- Working with local staff to address prescription abuse. Have medication agreements, utilize the prescription monitoring program, and drug testing.
- Established a Chronic Care Management program and a Transitional Care management program
- Brought a pediatrician on at our Greene County Rural Health Clinic
- Partnered with Springfield Clinic to bring Cardiology & Vascular Care specialists to Boyd
- Offers Senior Life Solutions through PNC to provide outpatient mental health services to older adults

## Executive Summary

Thomas H. Boyd Memorial Hospital dba Boyd Healthcare Services conducted a Community Health Needs Assessment (CHNA) in 2025. Administration worked to complete this process to identify and analyze the community's health needs and update the community's resources to prioritize the health needs of our community. The CHNA is influenced by the large rural service area of Thomas H. Boyd Memorial Hospital.

The health profile of the service area of Thomas H. Boyd Memorial Hospital is influenced by the following indicators of social determinants of health:

1. Poverty – Children living in poverty
2. Poverty – Population below 100% of Federal Poverty Level
3. Unemployment
4. Access to mental healthcare
5. Access to dental care of low income, underinsured and uninsured

## Community Health Needs Assessment Population

A total of 65,656 people live in the 1,910.63 square mile report area defined for this assessment according to the U.S. Census Bureau American Community Survey 2019-2023 5-year estimates. The population density for this area, estimated at 34 persons per square mile, is less than the national average population density of 94 persons per square mile.

The primary service area consists of the following rural communities:

### **Cities:**

- Carrollton
- Greenfield
- Roodhouse
- White Hall

### **Villages and Unincorporated Communities:**

- Eldred
- Hardin
- Hillview
- Kampsville
- Kane
- Rockbridge

## Demographic Profile

**Total Population** - Current population demographics and changes in demographic composition over time play a determining role in the types of health and social services needed by communities.

Report Area	Total Population	Total Land Area (Square Miles)	Population Density (Per Square Mile)
Report Location	65,656	1,910.63	34
Calhoun County, IL	4,406	253.83	17
Greene County, IL	11,837	543.14	22
Macoupin County, IL	44,566	862.97	52
Scott County, IL	4,847	250.79	19
Illinois	12,692,653	55,513.14	229

Data Source: US Census Bureau, [American Community Survey](#), 2019-23.

**Total Population by Race Alone, Total** - This indicator reports the total population of the report by race alone.

Report Area	White	Black	Asian	Native American / Alaska Native	Native Hawaiian / Pacific Islander	Some Other Race	Multiple Races
Report Location	62,431	747	223	76	8	421	1,892
Calhoun County, IL	4,183	45	1	5	0	6	166
Greene County, IL	11,375	82	40	7	2	52	279
Macoupin County, IL	42,165	534	159	34	6	292	1,376
Scott County, IL	4,708	86	23	30	0	71	71
Illinois	8,038,512	1,750,414	738,308	66,990	5,514	920,254	1,172,661

Data Source: US Census Bureau, [American Community Survey](#), 2019-23.

## Total Population by Age Groups, Total

Report Area	Age 0-4	Age 5-17	Age 18-24	Age 25-34	Age 35-44	Age 45-54	Age 55-64	Age 65+
Report Location	3,186	10,527	4,977	6,914	7,786	8,113	10,243	13,910
Calhoun County, IL	184	713	374	293	475	559	722	1,086
Greene County, IL	604	1,930	859	1,324	1,346	1,510	1,854	2,410
Macoupin County, IL	2,184	7,060	3,368	4,818	5,392	5,446	6,884	9,414
Scott County, IL	214	824	376	479	573	598	783	1,000
Illinois	18,939,899	54,705,339	30,307,641	45,497,632	43,492,887	40,847,713	42,626,382	55,970,047

Data Source: US Census Bureau, [American Community Survey](#). 2019-23.

## Total Population by Age Groups, Total Report Location:

- Age 0-4: 4.9%
- Age 5-17: 16%
- Age 18-24: 7.6%
- Age 25-34: 10.5%
- Age 35-44: 11.9%
- Age 45-54: 12.4%
- Age 55-64: 15.6%
- Age 65+: 21.1%

**Median Age** – This indicator reports population median age based on the 5-year American Community Survey estimate.

Report Area	Total Population	Median Age
Calhoun County, IL	4,406	48.5
Greene County, IL	11,837	43.1
Macoupin County, IL	44,566	44.3
Scott County, IL	4,847	44.3
Illinois	12,692,653	38.9

Data Source: Community Commons, <https://sparkmap.org/report/>

**Population with Any Disability** - This indicator reports the percentage of the total civilian non-institutionalized population with a disability. This indicator is relevant because disabled individuals comprise a vulnerable population that requires targeted services and outreach by providers.

Report Area	Total Population (For Whom Disability Status Is Determined)	Total Population with a Disability	Percent Population with a Disability
Report Location	64,797	10,971	<b>16.93%</b>
Calhoun County, IL	4,330	816	<b>18.85%</b>
Greene County, IL	11,606	1,965	<b>16.93%</b>
Macoupin County, IL	44,058	7,459	<b>16.93%</b>
Scott County, IL	4,803	731	<b>15.22%</b>
Illinois	12,522,498	1,482,931	<b>11.84%</b>

Data Source: US Census Bureau, [American Community Survey](#), 2019-23.

## Income & Economics

**Unemployment Rate** – Total unemployment in the report area for the current month equals 1,251 (3.8%) of the civilian non-institutionalized population age 16 and older (non-seasonally adjusted). This indicator is relevant because unemployment creates financial instability and barriers to access including insurance coverage, health services, healthy food, and other necessities that contribute to poor health status.

Report Area	Labor Force	Number Employed	Number Unemployed	Unemployment Rate
Report Location	32,920	31,669	1,251	<b>3.8%</b>
Calhoun County, IL	2,198	2,114	84	<b>3.8%</b>
Greene County, IL	5,994	5,759	235	<b>3.9%</b>
Macoupin County, IL	22,365	21,523	842	<b>3.8%</b>
Scott County, IL	2,363	2,273	90	<b>3.8%</b>
Illinois	6,483,598	6,169,310	314,288	<b>4.8%</b>

Data Source: US Department of Labor, [Bureau of Labor Statistics](#). 2025-May.

## Average Annual Unemployment Rate, 2013-2023

Report Area	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023
Report Location	7.40%	6.30%	5.90%	5.00%	4.90%	4.10%	7.00%	4.60%	4.28%	4.48%	4.42%
Calhoun County, IL	9.80%	8.20%	6.70%	6.60%	5.90%	5.70%	5.00%	8.70%	5.40%	4.60%	4.80%

Illinois	9.10%	7.20%	6.00%	5.90%	5.00%	4.40%	4.00%	9.30%	6.10%	4.60%	4.50%

Data Source: US Census Bureau, [American Community Survey](#). 2025 - May.

## Poverty Rate (< 100 % FPL)

*Poverty is considered a key driver of health status.*

In the report area, 8,659 (13.5%) individuals for whom poverty status is determined are living in households with income below 100% of the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to access including health services, healthy food, and other necessities that contribute to poor health status.

Report Area	Total Population	Population in Poverty	Percent Population in Poverty
Report Location	64,136	8,659	<b>13.50%</b>
Calhoun County, IL	4,309	251	<b>5.83%</b>
Greene County, IL	11,554	1,642	<b>14.21%</b>
Macoupin County, IL	43,482	6,259	<b>14.39%</b>
Scott County, IL	4,791	507	<b>10.58%</b>
Illinois	12,410,718	1,454,217	<b>11.72%</b>

*Data Source: US Census Bureau, [American Community Survey](#). 2019-23.*

## Education

**Access - Preschool Enrollment (Age 3-4)** - This indicator reports the percentage of the population age 3-4 that is enrolled in school. This indicator helps identify places where preschool opportunities are either abundant or lacking in the educational system.

Report Area	Population Age 3-4	Population Age 3-4 Enrolled in School	Population Age 3-4 Enrolled in School, Percent
Report Area	1,164	754	65%
Calhoun County, IL	62	36	58%
Greene County, IL	260	156	60%
Macoupin County, IL	767	514	67%
Scott County, IL	75	48	64%
Illinois	295,622	151,423	51%

Data Source: US Census Bureau, [American Community Survey](#), 2019-23.

**Attainment – Overview** - Educational Attainment shows the distribution of the highest level of education achieved in the report area, and helps schools and businesses to understand the needs of adults, whether it be workforce training or the ability to develop science, technology, engineering, and mathematics opportunities. Educational attainment is calculated for persons over 25 years old and is an estimated average for the period from 2019 to 2023.

Report Area	No High School Diploma	High School Only	Some College	Associates Degree	Bachelor's Degree	Graduate or Professional Degree
Calhoun County, IL	6.6%	33.3%	20.1%	21.6%	13.2%	5.1%
Greene County, IL	9.6%	44.1%	19.5%	10.5%	11.2%	5.1%
Macoupin County, IL	6.6%	33.3%	20.1%	21.6%	13.2%	5.1%
Scott County, IL	6.8%	45.4%	15.6%	10%	17.7%	4.5%

Data Source: US Census Bureau, [American Community Survey](#), 2019-23.

**Attainment - Bachelor's Degree or Higher** – 8,718 (18.56%) of the population aged 25 and older have obtained a Bachelor's level degree or higher. This indicator is relevant because educational attainment has been linked to positive health outcomes.

Report Area	Total Population Age 25+	Population Age 25+ with Bachelor's Degree or Higher	Population Age 25+ with Bachelor's Degree or Higher, Percent
Calhoun County, IL	3,135	576	<b>18.4%</b>
Greene County, IL	8,444	1,379	<b>16.3%</b>
Macoupin County, IL	31,954	6,000	<b>18.8%</b>
Scott County, IL	3,433	763	<b>22.2%</b>
Illinois	8,738,607	3,249,494	<b>37.2%</b>

Data Source: US Census Bureau, [American Community Survey](#). 2019-23

**Attainment - No High School Diploma** – Within the report area there are 4,181 persons aged 25 and older without a high school diploma (or equivalency) or higher. This represents 8.9% of the total population aged 25 and older. This indicator is relevant because educational attainment is linked to positive health outcomes ([Freudenberg & Ruglis, 2007](#)).

Report Area	Total Population Age 25+	Population Age 25+ with No High School Diploma	Population Age 25+ with No High School Diploma, Percent
Calhoun County, IL	3,135	207	<b>6.6%</b>
Greene County, IL	8,444	810	<b>9.6%</b>
Macoupin County, IL	31,954	2,930	<b>9.2%</b>
Scott County, IL	3,433	234	<b>6.8%</b>
Illinois	8,738,607	851,323	<b>9.7%</b>

Data Source: US Census Bureau, [American Community Survey](#). 2019-23

## Housing & Families

This category contains indicators that describe the structure of housing and families, and the condition and quality of housing units and residential neighborhoods. These indicators are important because housing issues like overcrowding and affordability have been linked to multiple health outcomes, including infectious disease, injuries, and mental disorders. Furthermore, housing metrics like home-ownership rates and housing prices are key for economic analysis.

**Households – Overview** - This indicator reports the total number and percentage of households by composition (married couple family, nonfamily, etc.). According to the American Community Survey subject definitions, a family household is any housing unit in which the householder is living with one or more individuals related to him or her by birth, marriage, or adoption\*. A non-family households is any household occupied by the householder alone, or by the householder and one or more unrelated individuals.

*\*Family households and married-couple families do not include same-sex married couples even if the marriage was performed in a state issuing marriage certificates for same-sex couples. Same sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption.*

Report Area	Total Households	Family Households	Family Households, Percent	Non-Family Households	Non-Family Households, Percent
Calhoun County, IL	1,222	942	77.1%	280	22.9%
Greene County, IL	4,514	2,936	65.0%	1,578	35.0%
Macoupin County, IL	17,431	11,400	65.4%	6,031	34.6%
Scott County, IL	2,032	1,401	68.9%	631	31.1%
Illinois	5,001,904	3,132,252	62.6%	1,869,652	37.4%

Data Source: US Census Bureau, [American Community Survey](#). 2019-23.

**Housing Quality - Substandard Housing** - This indicator reports the number and percentage of owner- and renter-occupied housing units having at least one of the following conditions: 1) lacking complete plumbing facilities, 2) lacking complete kitchen facilities, 3) with 1 or more occupants per room, 4) selected monthly owner costs as a percentage of household income greater than 30%, and 5) gross rent as a percentage of household income greater than 30%. Selected conditions provide information in assessing the quality of the housing inventory and its occupants. This data is used to easily identify homes where the quality of living and housing can be considered substandard. Of the 25,199 total occupied housing units in the report area, 4,752 (18.86%) have one or more substandard conditions.

Report Area	Total Occupied Housing Units	Occupied Housing Units with One or More Substandard Conditions	Occupied Housing Units with One or More Substandard Conditions, Percent
Calhoun County, IL	1,222	153	12.52%
Greene County, IL	4,514	798	17.68%
Macoupin County, IL	17,431	3,442	19.75%
Scott County, IL	2,032	359	17.67%
Illinois	5,001,904	1,495,843	29.91%

Data Source: US Census Bureau, [American Community Survey](#), 2019-23.

## Substandard Housing: Number of Substandard Conditions Present

In the above locations, the counties break down by the following statistics:

**Calhoun County:** 0 conditions: 87.48%, 1 condition: 12.44%, 2 or 3 conditions: 0.08%, 4 or more conditions: 0%

**Greene County:** 0 conditions: 82.32%, 1 condition: 17.28%, 2 or 3 conditions: 0.40%, 4 or more conditions: 0%

**Macoupin County:** 0 conditions: 80.25%, 1 condition: 19.35%, 2 or 3 conditions: 0.40%, 4 or more conditions: 0%

**Scott County:** 0 conditions: 82.33%, 1 condition: 17.67%, 2 or 3 conditions: 0%, 4 or more conditions: 0%

## Other Social & Economic Factors

Economic and social insecurity often are associated with poor health. Poverty, unemployment, and lack of educational achievement affect access to care and a community's ability to engage in healthy behaviors. Without a network of support and a safe community, families cannot thrive. Ensuring access to social and economic resources provides a foundation for a healthy community.

**Area Deprivation Index** - This indicator reports the average (population weighted) Area Deprivation Index (ADI) for the selected area. The Area Deprivation Index ranks neighborhoods and communities relative to all neighborhoods across the nation (National Percentile) or relative to other neighborhoods within just one state (State Percentile). The ADI is calculated based on 17 measures related to four primary domains (Education; Income & Employment; Housing; and Household Characteristics). The overall scores are measured on a scale of 1 to 100 where 1 indicates the lowest level of deprivation (least disadvantaged) and 100 is the highest level of deprivation (most disadvantaged).

Report Area	Total Population (2020)	State Percentile	National Percentile
Calhoun County, IL	4,473	65	66
Greene County, IL	11,985	90	88
Macoupin County, IL	44,967	79	79
Scott County, IL	4,949	87	85
Illinois	12,812,508	49	52

*Data Source: University of Wisconsin-Madison School of Medicine and Public Health, [Neighborhood Atlas](#), 2022.*

**Households with No Motor Vehicle** - This indicator reports the number and percentage of households with no motor vehicle based on the latest 5-year American Community Survey estimates.

**Calhoun County** reports 1,222 Total Occupied Households. 36 (2.95%) of those are without a motor vehicle.

**Greene County** reports 4,514 Total Occupied Households. 181 (4.01%) of those are without a motor vehicle.

**Macoupin County** reports 17,431 Total Occupied Households. 788 (4.52%) of those are without a motor vehicle.

**Scott County** reports 2,032 Total Occupied Households. 77 (3.79%) of those are without a motor vehicle.

**Insurance - Uninsured Population (ACS)** - The lack of health insurance is considered a *key driver* of health status. This indicator is relevant because lack of insurance is a primary barrier to healthcare access including regular primary care, specialty care, and other health services that contributes to poor health status.

Report Area	Total Population (For Whom Insurance Status is Determined)	Uninsured Population	Uninsured Population, Percent
Calhoun County, IL	4,330	57	<b>1.32%</b>
Greene County, IL	11,606	545	<b>4.70%</b>
Macoupin County, IL	44,058	1,902	<b>4.32%</b>
Scott County, IL	4,803	245	<b>5.10%</b>
Illinois	12,378,557	762,564	<b>6.16%</b>

Data Source: US Census Bureau, [American Community Survey](#), 2019-23.

**SNAP Benefits - Population Receiving SNAP (SAIPE)** - The Supplemental Nutrition Assistance Program, or SNAP, is a federal program that provides nutrition benefits to low-income individuals and families that are used at stores to purchase food. This indicator reports the average percentage of the population receiving SNAP benefits during the month of July during the most recent report year.

Report Area	Total Population	Population Receiving SNAP Benefits	Population Receiving SNAP Benefits, Percent
Calhoun County, IL	4,437	564	<b>12.70%</b>
Greene County, IL	11,985	2330	<b>19.40%</b>
Macoupin County, IL	44,967	7519	<b>16.70%</b>
Scott County, IL	4,949	848	<b>17.10%</b>
Illinois	12,812,508	2,027,764	<b>15.80%</b>

Data Source: US Census Bureau, [Small Area Income and Poverty Estimates](#), 2022.

**Social Vulnerability Index** - The degree to which a community exhibits certain social conditions, including high poverty, low percentage of vehicle access, or crowded households, may affect that community's ability to prevent human suffering and financial loss in the event of disaster. These factors describe a community's social vulnerability.

The social vulnerability index is a measure of the degree of social vulnerability in counties and neighborhoods across the United States, where a higher score indicates higher vulnerability.

Report Area	Total Population	Socioeconomic Theme Score	Household Composition Theme Score	Minority Status Theme Score	Housing & Transportation Theme Score	Social Vulnerability Index Score
Calhoun County, IL	4,472	0.04	0.23	0.05	0.19	<b>0.05</b>
Greene County, IL	12,015	0.20	0.40	0.01	0.06	<b>0.10</b>
Macoupin County, IL	44,907	0.24	0.26	0.05	0.10	<b>0.12</b>
Scott County, IL	4,899	0.07	0.50	0.03	0.05	<b>0.05</b>
Illinois	12,757,634	0.51	0.40	0.72	0.59	<b>0.55</b>

Data Source: Centers for Disease Control and Prevention and the National Center for Health Statistics, [CDC - GRASP](#). 2022.

**Young People Not in School and Not Working** - This indicator reports the percentage of youth age 16-19 who are not currently enrolled in school and who are not employed.

Report Area	Population Age 16-19	Population Age 16-19 Not in School and Not Employed	Population Age 16-19 Not in School and Not Employed, Percent
Calhoun County, IL	218	37	<b>16.97%</b>
Greene County, IL	497	37	<b>7.44%</b>
Macoupin County, IL	2,127	296	<b>13.92%</b>
Scott County, IL	262	37	<b>14.12%</b>
Illinois	667,284	43,880	<b>6.58%</b>

Data Source: US Census Bureau, [American Community Survey](#). 2019-23.

## Physical Environment

A community's health also is affected by the physical environment. A safe, clean environment that provides access to healthy food and recreational opportunities is important to maintaining and improving community health.

### **Built Environment - Broadband Access –**

This indicator reports the percentage of population with access to high-speed internet. Data are based on the reported service area of providers offering download speeds of 25 MBPS or more and upload speeds of 3 MBPS or more. These data represent both wireline and fixed/terrestrial wireless internet providers. Cellular internet providers are not included.

Report Area	Total Number of Broadband Serviceable Locations	Access to DL Speeds >= 25MBPS and UL Speeds >= 3 MBPS	Access to DL Speeds >= 100MBPS and UL Speeds >= 20 MBPS
Calhoun County, IL	2,826	82.38%	69.14%
Greene County, IL	7,278	96.99%	87.58%
Macoupin County, IL	23,573	95.77%	84.88%
Scott County, IL	2,947	95.86%	89.89%
Illinois	4,119,093	97.76%	94.77%

Data Source: [FCC FABRIC Data](#). Additional data analysis by [CARES](#). December, 2024.

**Food Environment - Food Desert Census Tracts –** This indicator reports the number of neighborhoods in the report area that are within food deserts. The USDA Food Access Research Atlas defines a food desert as any neighborhood that lacks healthy food sources due to income level, distance to supermarkets, or vehicle access.

Report Area	Total Population (2010)	Food Desert Census Tracts	Other Census Tracts	Food Desert Population	Other Population
Calhoun County, IL	5,089	0	2	0	5,089
Greene County, IL	13,886	0	5	0	13,886
Macoupin County, IL	47,765	1	12	2,519	45,246
Scott County, IL	5,355	0	2	0	5,355

Report Area	Total Population (2010)	Food Desert Census Tracts	Other Census Tracts	Food Desert Population	Other Population
Illinois	12,830,632	319	2,796	1,242,939	11,587,693

Data Source: US Department of Agriculture, Economic Research Service, [USDA - Food Access Research Atlas](#). 2019 \*This information predates the two Kroger Stores closing in Carrollton and White Hall.

**Food Environment - Grocery Stores** - Healthy dietary behaviors are supported by access to healthy foods, and Grocery Stores are a major provider of these foods. Grocery stores are defined as supermarkets and smaller grocery stores primarily engaged in retailing a general line of food, such as canned and frozen foods; fresh fruits and vegetables; and fresh and prepared meats, fish, and poultry. Delicatessen-type establishments are also included. Convenience stores and large general merchandise stores that also retail food, such as supercenters and warehouse club stores, are excluded.

*Note: Counts of establishments < 3 are suppressed.*

Report Area	Total Population (2020)	Number of Establishments	Establishments, Rate per 100,000 Population
Calhoun County, IL	4,437	3	67.61
Greene County, IL	11,985	Suppressed	Suppressed
Macoupin County, IL	44,967	7	15.57
Scott County, IL	4,949	Suppressed	Suppressed
Illinois	12,812,508	2,647	20.66

Data Source: US Census Bureau, [County Business Patterns](#). Additional data analysis by [CARES](#). 2023. \*This information predates the two Kroger Stores closing in Carrollton and White Hall.

**Food Environment - SNAP-Authorized Food Stores** - This indicator reports the number of SNAP-authorized food stores as a rate per 10,000 population. SNAP-authorized stores include grocery stores as well as supercenters, specialty food stores, and convenience stores that are authorized to accept SNAP (Supplemental Nutrition Assistance Program) benefits.

Report Area	Total Population (2023)	Total SNAP-Authorized Retailers	SNAP-Authorized Retailers, Rate per 10,000 Population
Calhoun County, IL	4,406	3	6.81
Greene County, IL	11,837	14	11.83
Macoupin County, IL	44,566	49	10.99

Report Area	Total Population (2023)	Total SNAP-Authorized Retailers	SNAP-Authorized Retailers, Rate per 10,000 Population
Scott County, IL	4,847	4	<b>8.25</b>
Illinois	12,692,653	9,465	<b>7.46</b>

Data Source: US Department of Agriculture, Food and Nutrition Service, [USDA - SNAP Retailer Locator](#). Additional data analysis by [CARES](#), 2025.

## Clinical Care and Prevention

A lack of access to care presents barriers to good health. Supply of facilities and physicians, the rate of uninsurance, financial hardship, transportation barriers, cultural competency, and coverage limitations affect access.

Rates of morbidity, mortality, and emergency hospitalizations can be reduced if community residents access services such as health screenings, routine tests, and vaccinations. Prevention indicators can call attention to a lack of access or knowledge regarding one or more health issues and can inform program interventions.

**Cancer Screening - Mammogram (Medicare)** - This indicator reports the percentage of female Medicare beneficiaries age 35 and older who had a mammogram in most recent reporting year. The American Cancer Society recommends that women age 45 to 54 should get a mammogram every year, and women age 55 and older should get a mammogram every other year.

Report Area	Medicare Beneficiaries	Female Beneficiaries with Recent Mammogram, Percent
Calhoun County, IL	417	40%
Greene County, IL	1,032	35%
Macoupin County, IL	3,901	37%
Scott County, IL	396	35%
Illinois	714,602	37%

*Data Source: Centers for Medicare and Medicaid Services, [Mapping Medicare Disparities Tool](#). 2023.*

**Diabetes Management - Hemoglobin A1c Test** - This indicator reports the percentage of diabetic Medicare patients who have had a hemoglobin A1c (hA1c) test, a blood test which measures blood sugar levels, administered by a health care professional in the past year. Data is obtained from the Dartmouth Atlas Data - Selected Primary Care Access and Quality Measures (2008-2019). This indicator is relevant because engaging in preventive behaviors allows for early detection and treatment of health problems. This indicator can also highlight a lack of access to preventive care, a lack of health knowledge, insufficient provider outreach, and/or social barriers preventing utilization of services.

Report Area	Medicare Enrollees with Diabetes	Medicare Enrollees with Diabetes with Annual Exam	Medicare Enrollees with Diabetes with Annual Exam, Percent
Calhoun County, IL	110	98	89.09%
Greene County, IL	242	212	87.60%
Macoupin County, IL	1,046	961	91.87%
Scott County, IL	84	76	90.48%
Illinois	149,160	131,981	88.48%

Data Source: Dartmouth College Institute for Health Policy & Clinical Practice, [Dartmouth Atlas of Health Care](#). 2019.

**Hospitalizations - Preventable Conditions** - This indicator reports the preventable hospitalization rate among Medicare beneficiaries for the latest reporting period. Preventable hospitalizations include hospital admissions for one or more of the following conditions: diabetes with short-term complications, diabetes with long-term complications, uncontrolled diabetes without complications, diabetes with lower-extremity amputation, chronic obstructive pulmonary disease, asthma, hypertension, heart failure, bacterial pneumonia, or urinary tract infection.

Report Area	Medicare Beneficiaries	Preventable Hospitalizations, Rate per 100,000 Beneficiaries
Calhoun County, IL	819	1,976
Greene County, IL	2,001	3,011
Macoupin County, IL	7,410	3,470
Scott County, IL	745	3,278
Illinois	1,293,397	3,343

Data Source: Centers for Medicare and Medicaid Services, [Mapping Medicare Disparities Tool](#). 2022.

## Health Behaviors

Health behaviors such as poor diet, a lack of exercise, and substance abuse contribute to poor health status.

**Alcohol - Heavy Alcohol Consumption** - Data for this indicator were based on survey responses to the 2022 Behavioral Risk Factor Surveillance System (BRFSS) annual survey and are used for the 2025 County Health Rankings.

Excessive drinking is defined as the percentage of the population who report at least one binge drinking episode involving five or more drinks for men and four or more for women over the past 30 days, or heavy drinking involving more than two drinks per day for men and more than one per day for women, over the same time period. Alcohol use is a behavioral health issue that is also a risk factor for a number of negative health outcomes, including: physical injuries related to motor vehicle accidents, stroke, chronic diseases such as heart disease and cancer, and mental health conditions such as depression and suicide. There are a number of evidence-based interventions that may reduce excessive/binge drinking; examples include raising taxes on alcoholic beverages, restricting access to alcohol by limiting days and hours of retail sales, and screening and counseling for alcohol use disorder (Centers for Disease Control and Prevention, Preventing Excessive Alcohol Use, 2020).

Report Area	Population Age 18+	Adults Reporting Excessive Drinking	Percentage of Adults Reporting Excessive Drinking
Calhoun County, IL	3,494	808	23.13%
Greene County, IL	9,337	2,022	21.66%
Macoupin County, IL	35,400	7,764	21.93%
Scott County, IL	3,864	854	22.11%
Illinois	9,939,693	1,917,754	19.29%

*Data Source: Centers for Disease Control and Prevention, Behavioral Risk Factor Surveillance System. Accessed via County Health Rankings. 2022.*

**Physical Inactivity** - Within the report area, 9,044 (16.36%) of adults aged 20 and older self-report no active leisure time, based on the question: "During the past month, other than your regular job, did you participate in any physical activities or exercises such as running, calisthenics, golf, gardening, or walking for exercise?" This indicator is relevant because current behaviors are determinants of future health and this indicator may illustrate a cause of significant health issues, such as obesity and poor cardiovascular health.

Report Area	Population Age 20+	Adults Age 20+ with No Leisure Time Physical Activity	Adults Age 20+ with No Leisure Time Physical Activity, Percent
Calhoun County, IL	3,885	540	<b>13.90%</b>
Greene County, IL	9,920	1,359	<b>13.70%</b>
Macoupin County, IL	37,398	6,582	<b>17.60%</b>
Scott County, IL	4,080	563	<b>13.80%</b>
Illinois	9,932,862	1,946,841	<b>19.60%</b>

Data Source: Centers for Disease Control and Prevention, [National Center for Chronic Disease Prevention and Health Promotion](#). 2021.

**Tobacco Usage - Current Smokers** - This indicator reports the percentage of adults age 18 and older who report having smoked at least 100 cigarettes in their lifetime and currently smoke every day or some days.

Report Area	Total Population (2019)	Adults Age 18+ as Current Smokers (Crude)	Adults Age 18+ as Current Smokers (Age-Adjusted)
Calhoun County, IL	4,360	14.00%	<b>15.00%</b>
Greene County, IL	11,651	18.50%	<b>18.80%</b>
Macoupin County, IL	44,245	18.10%	<b>18.30%</b>
Scott County, IL	4,790	13.70%	<b>13.70%</b>
Illinois	12,582,032	13.30%	<b>13.50%</b>

Data Source: Centers for Disease Control and Prevention, [Behavioral Risk Factor Surveillance System](#). Accessed via the [PLACES Data Portal](#). 2022.

## Health Outcomes

Measuring morbidity and mortality rates allows assessing linkages between social determinants of health and outcomes. By comparing, for example, the prevalence of certain chronic diseases to indicators in other categories (e.g., poor diet and exercise) with outcomes (e.g., high rates of obesity and diabetes), various causal relationships may emerge, allowing a better understanding of how certain community health needs may be addressed.

**Birth Outcomes - Low Birth Weight (CDC)** - This indicator reports the percentage of live births where the infant weighed less than 2,500 grams (approximately 5 lbs., 8 oz.). These data are reported for a 7-year aggregated time period. Data were from the National Center for Health Statistics - Natality Files (2017-2023) and are used for the 2025 County Health Rankings.

Report Area	Total Live Births	Low Birthweight Births	Low Birthweight Births, Percentage
Calhoun County, IL	300	19	<b>6.30%</b>
Greene County, IL	847	67	<b>7.90%</b>
Macoupin County, IL	2,976	306	<b>10.30%</b>
Scott County, IL	301	35	<b>11.60%</b>
Illinois	952,497	81,214	<b>8.50%</b>

*Data Source: University of Wisconsin Population Health Institute, [County Health Rankings](#). 2017-2023.*

**Cancer Incidence - All Sites** - This indicator reports the age adjusted incidence rate (cases per 100,000 population per year) of cancer (all sites) adjusted to 2000 U.S. standard population age groups (Under age 1, 1-4, 5-9, ..., 80-84, 85 and older).

Report Area	Estimated Total Population	New Cases (Annual Average)	Cancer Incidence Rate (Per 100,000 Population)
Calhoun County, IL	7,732	37	<b>478.5</b>
Greene County, IL	17,443	95	<b>544.6</b>
Macoupin County, IL	65,576	357	<b>544.4</b>
Scott County, IL	6,848	38	<b>554.9</b>
Illinois	15,458,405	70,985	<b>459.2</b>

*Data Source: [State Cancer Profiles](#). 2017-21.*

**Chronic Conditions - Asthma (Medicare Population)** - This indicator reports the number and percentage of the Medicare Fee-for-Service population with asthma. Data are based upon Medicare administrative enrollment and claims data for Medicare beneficiaries enrolled in the Fee-for-Service program.

Report Area	Total Medicare Fee-for-Service Beneficiaries	Beneficiaries with Asthma	Percentage with Asthma
Calhoun County, IL	963	29	3.00%
Greene County, IL	2,395	82	3.40%
Macoupin County, IL	8,841	372	4.20%
Scott County, IL	793	29	3.70%
Illinois	1,443,297	67,431	4.70%

Data Source: Centers for Medicare & Medicaid Services, [Centers for Medicare & Medicaid Services - Chronic Conditions](#), 2018.

**Chronic Conditions - Diabetes Prevalence (Adult)** - This indicator reports the number and percentage of adults age 20 and older who have ever been told by a doctor that they have diabetes. This indicator is relevant because diabetes is a prevalent problem in the U.S.; it may indicate an unhealthy lifestyle and puts individuals at risk for further health issues.

Report Area	Population Age 20+	Adults Age 20+ with Diagnosed Diabetes	Adults Age 20+ with Diagnosed Diabetes, Age-Adjusted Rate
Calhoun County, IL	3,406	327	<b>7.10%</b>
Greene County, IL	9,058	779	<b>6.90%</b>
Macoupin County, IL	34,317	3,466	<b>8.10%</b>
Scott County, IL	3,722	335	<b>7.20%</b>
Illinois	9,547,391	884,041	<b>8.20%</b>

Data Source: Centers for Disease Control and Prevention, [National Center for Chronic Disease Prevention and Health Promotion](#), 2021.

**Chronic Conditions - Heart Disease (Medicare Population)** - This indicator reports the unsmoothed, age-adjusted rate of ischemic heart disease prevalence for the Medicare Fee-For-Service (FFS) population.

Report Area	Total Medicare Fee-for-Service Beneficiaries	Beneficiaries with Heart Disease	Beneficiaries with Heart Disease, Percent
Calhoun County, IL	819	221	27%
Greene County, IL	2,001	560	28%
Macoupin County, IL	7,410	1,778	24%
Scott County, IL	745	201	27%
Illinois	1,293,397	284,547	22%

Data Source: Centers for Medicare and Medicaid Services, [Mapping Medicare Disparities Tool](#). 2023.

**Chronic Conditions - High Blood Pressure (Medicare Population)** - This indicator reports the number and percentage of the Medicare Fee-for-Service population with hypertension (high blood pressure). Data are based upon Medicare administrative enrollment and claims data for Medicare beneficiaries enrolled in the Fee-for-Service program.

Report Area	Total Medicare Fee-for-Service Beneficiaries	Beneficiaries with High Blood Pressure	Beneficiaries with High Blood Pressure, Percent
Calhoun County, IL	819	622	76%
Greene County, IL	2,001	1,461	73%
Macoupin County, IL	7,410	5,335	72%
Scott County, IL	745	536	72%
Illinois	1,293,397	853,642	66%

Data Source: Centers for Medicare and Medicaid Services, [Mapping Medicare Disparities Tool](#). 2023.

**Mortality – Cancer** - This indicator reports the 2019-2023 five-year average rate of death due to malignant neoplasm (cancer) per 100,000 population. Figures are reported as crude rates. Rates are resummarized for report areas from county level data, only where data is available. This indicator is relevant because cancer is a leading cause of death in the United States.

Report Area	Total Population, 2019-2023 Average	Five Year Total Deaths, 2019-2023 Total	Crude Death Rate (Per 100,000 Population)
Calhoun County, IL	4,480	72	321.4
Greene County, IL	12,142	184	303.1
Macoupin County, IL	44,432	572	257.5
Scott County, IL	4,847	65	268.2
Illinois	12,612,508	118,455	187.8

Data Source: Centers for Disease Control and Prevention, [CDC - National Vital Statistics System](#). Accessed via [CDC WONDER](#). 2019-2023.

**Mortality - Coronary Heart Disease** - This indicator reports the 2016-2020 five-year average rate of death due to coronary heart disease (ICD10 Codes I20-I25) per 100,000 population. Figures are reported as crude rates, and as rates age-adjusted to year 2000 standard. Rates are resummarized for report areas from county level data, only where data is available. This indicator is relevant because coronary heart disease is a leading cause of death in the United States.

Report Area	Total Population, 2019-2023 Average	Five Year Total Deaths, 2019-2023 Total	Crude Death Rate (Per 100,000 Population)
Calhoun County, IL	4,480	54	241.1
Greene County, IL	12,142	125	205.9
Macoupin County, IL	44,432	301	135.5
Scott County, IL	4,847	65	268.2
Illinois	12,612,508	61,229	97.1

Data Source: Centers for Disease Control and Prevention, [CDC - National Vital Statistics System](#). Accessed via [CDC WONDER](#). 2019-2023.

**Mortality – Stroke** - This indicator reports the 2019-2023 five-year average rate of death due to cerebrovascular disease (stroke) per 100,000 population. Figures are reported as crude rates. Rates are resummarized for report areas from county level data, only where data is available. This indicator is relevant because stroke is a leading cause of death in the United States.

*Note: Data are suppressed for counties with fewer than 20 deaths in the time frame.*

Report Area	Total Population, 2019-2023 Average	Five Year Total Deaths, 2019-2023 Total	Crude Death Rate (Per 100,000 Population)
Calhoun County, IL	4,480	17	No data
Greene County, IL	12,142	45	<b>74.1</b>
Macoupin County, IL	44,432	171	<b>77</b>
Scott County, IL	4,847	14	No data
Illinois	12,612,508	33,301	<b>52.8</b>

Data Source: Centers for Disease Control and Prevention, [CDC - National Vital Statistics System](#). Accessed via [CDC WONDER](#). 2019-2023.

**Obesity** - This indicator reports the number and percentage of adults aged 20 and older self-report having a Body Mass Index (BMI) greater than 30.0 (obese). Respondents were considered obese if their Body Mass Index (BMI) was 30 or greater. Body mass index (weight [kg]/height [m]2) was derived from self-report of height and weight. Excess weight may indicate an unhealthy lifestyle and puts individuals at risk for further health issues.

Report Area	Population Age 20+	Adults with BMI > 30.0 (Obese)	Adults with BMI > 30.0 (Obese), Percent
Calhoun County, IL	3,408	593	<b>17.20%</b>
Greene County, IL	9,079	1,607	<b>17.60%</b>
Macoupin County, IL	34,109	6,549	<b>19.10%</b>
Scott County, IL	3,740	662	<b>17.60%</b>
Illinois	9,537,556	2,677,557	<b>28.00%</b>

Data Source: Centers for Disease Control and Prevention, [National Center for Chronic Disease Prevention and Health Promotion](#). 2021.

## Description of Data Sources

The following quantitative sources were reviewed for health information:

**Behavioral Risk Factor Surveillance System** – The BRFSS enables the Center for Disease Control and Prevention (CDC), state health departments, and other health agencies to monitor modifiable risk factors for chronic diseases and other leading causes of death.

**US Census** – National census data is collected by the US Census Bureau every 10 years.

**Centers for Disease Control** – Through the CDC's National Vital Statistics System, states collect and disseminate vital statistics as part of the US's oldest and most successful intergovernmental public health data sharing system.

**County Health Rankings** – Each year, the overall health of each county in all 50 states is assessed and ranked using the latest publicly available data through a collaboration of the Robert Wood Johnson Foundation and the University of Wisconsin Population Health Institute.

**Community Commons** – Community Common is an interactive mapping, networking and learning utility for the broad-based health, sustainable and livable communities' movement.

**Illinois Department of Employment Security** – The Illinois Department of Employment Security is the state's employment agency. It collects and analyzes employment information.

**National Cancer Institute** – The National Cancer Institute coordinates the National Cancer Program, which conducts and supports research, training, health information dissemination, and other programs with respect to the cause, diagnosis prevention, and treatment of cancer, rehabilitation from cancer, and the continuing care of cancer patients and the families of cancer patients.

**HRSA** – The Health Resources and Services Administration of the U.S. Department of Health and Human Services develops health professional shortage criteria for the nation and uses that data to determine the location of Health Professional Shortage Areas and Medical Underserved Areas and Populations.

**ESRI** – Allows for specialized inquiries at the zip code or other defined level.

**Illinois State Board of Education** – This administers public education in the state of Illinois that release the make-up, needs and performances of local schools.

**Local IPLANS** – The Illinois Project for Local Assessment of Needs (IPLAN) is a community health assessment and planning process that is conducted every five years by local health jurisdictions in Illinois.

**USDA** - It collects and analyzes information related to nutrition and local production and food availability.

## Qualitative Data

Qualitative Data was reviewed to help validate the selection of health priorities. In alignment with IRS Treasury Notice 2011-52,<sup>2</sup> and the subsequent final rules reported at 79 FR 78953, the qualitative/primary data received and reviewed included primary input from (1) At least one state, local, tribal or regional governmental public health department (or equivalent department or agency) with knowledge, information, or expertise relevant to the health needs of the community and, (2) members of medically underserved, low-income and minority populations in the community or individuals or organizations serving or representing the interests of such populations.

No written comments were received concerning the hospital facility's most recently conducted CHNA nor on the most recently adopted implementation strategy.

Data was also gathered representing the broad interests of the community. The hospital took into account input from persons who represent the broad interest of the community served by the hospital, including those with special knowledge of, or expertise in public health (local, regional, state and/or tribal).

Members of the CHNA committee, who participated in focus groups and the needs identification and prioritization process, were chosen based on their unique expertise and experience, informed perspectives, and involvement with the community.

## Description of the Community Health Needs Identified

### **Focus Groups:**

The first focus group met on October 2nd in Carrollton. The community issues discussed were:

- Preventive screening and early detection
- Mental and behavioral health access
- Local specialty and follow-up care

The second focus group met on October 8th in White Hall. The community issues discussed were:

- North Greene Walk-In Clinic
- EMS Stationed in North Greene
- Mental-health support and parent education on adolescent mental health

The third focus group met on October 16th in Greenfield. The community issues discussed were:

- Additional pediatric care
- Additional specialty care
- Preventive screening and early detection

## **Implementation Strategies:**

1. Preventive screening and early detection
  - a. To expand access to preventive care, we will host a community health fair offering on-site screenings at affordable out-of-pocket rates.
2. Mental and behavioral health access
  - a. We plan to strengthen access to mental and behavioral health services by hiring a medical provider specializing in family mental health.
3. Local specialty and follow-up care/Additional specialty care
  - a. We will continue partnering closely with specialty providers to bring more services directly to the community and reduce the need for travel.
4. North Greene Walk-In Clinic
  - a. Access to same-day care will be expanded by building a new walk-in clinic in White Hall, scheduled to open in 2026.
5. EMS Stationed in North Greene
  - a. To improve emergency response times, EMS crews will be stationed at the upcoming White Hall Walk-In Clinic.
6. Mental-health support and parent education on adolescent mental health
  - i. We will work to improve awareness and understanding of adolescent mental health by enhancing education for our staff and sharing relevant resources with the community. We will seek opportunities to collaborate with local schools and organizations when appropriate to help families access reliable information and support.
7. Additional pediatric care
  - a. With a Pediatric Physician already on staff, Boyd will expand pediatric services across all clinics by enabling all providers to practice pediatric care under Dr. Uhles' supervision.

## **Resources Available**

The following different agencies have been identified for resources available in Boyd Healthcare Service Area. A resource manual is available at the hospital.

### ***Abuse:***

- a. DCFS
- b. Equip for Equality
- c. Prairie Counsel on Aging

### ***Adoption/Foster Care***

- a. DCFS
- b. Hobby Horse House Child Welfare Agency

### ***Alcohol & Drug Abuse***

- a. Al-ANON & ALTEEN
- b. Centerstone
- c. Gateway Foundation
- d. Locust Street Resources Center

### ***Child Care***

- a. Educational Day Care Center
- b. Hobby Horse House Child Welfare Agency
- c. Presbyterian Church Day Care
- d. West Central Child Care Connections

### ***Clothing***

- a. ACTS
- b. Boyd's Closet
- c. Catholic Charities

### ***Counseling***

- a. American Cancer Society
- b. Blessing Hospice – Greene County
- c. Crisis Center Foundation
  - a. Epilepsy Resource Center
- d. Equip for Equality
- e. Hobby Horse House Child Welfare Agency
- f. Prairie Center Against Sexual Assault
- g. Senior Life Solutions
- h. Wells Center

### *Crisis Intervention*

- a. American Red Cross
- b. Carrollton Township
- c. Locust Street Resources Center
- d. Prairie Center Against Sexual Assault

### *Disability Services & Assessment*

- a. Child and Family Connections
- b. Department of Human Services Rehab

### *Elder Care*

- a. Community Care Systems, INC
- b. Greene County Senior Citizens Center
- c. Home Instead Senior Care
- d. Jerseyville Manor
- e. Jerseyville Nursing & Rehabilitation
- f. Prairie Counsel on Aging
- g. White Hall Nursing & Rehabilitation
- h. Willow Rose Nursing & Rehab

### *Education Information*

- a. Epilepsy Resource Center
- b. Four Rivers Special Education
- c. Greene County Health Department
- d. University of Illinois Extension – Greene County
- e. Wells Center
- f. West Central Development Council, INC

### *Employment Services*

- a. West Central Development Council, INC

### *Financial Assistance*

- a. American Cancer Society
- b. Thomas H. Boyd Memorial Foundation/Costello Trust (Catastrophic conditions)

## *Food Assistance*

- a. American Cancer Society
- b. Area Agency on Aging for Lincolnland
- c. Carrollton Food Pantry
- d. Carrollton Township
- e. Catholic Charities
- f. Greene County We Care
- g. Greenfield Food Pantry
- h. Illinois Valley Economic Development Corp.
- i. North Greene Food Pantry

## *Healthcare*

- a. All Hart Chiropractic
- b. Beavers Family Dentistry
- c. Boyd Fillager Clinic
- d. Carrollton Family Dental
- e. Carrollton Rural Health Walk-in Clinic
- f. Frye Chiropractic
- g. Greene County Health Department
- h. Greene County Rural Health Clinic
- i. Illinois Poison Center
- j. JCH Medical Group
- k. Jersey Community Hospital
- l. Memorial Hospital – Jacksonville
- m. Prairie Cardiovascular (At Boyd Healthcare)
- n. Springfield Clinic (At Boyd Healthcare)
- o. Rural Health Center of Roodhouse
- p. Shriners Hospital for Children
- q. Thomas H. Boyd Memorial Hospital

## *Health Education*

- a. American Cancer Society
- b. American Red Cross
- c. Morgan County Tuberculosis Clinic

## *Hospice*

- a. Blessing Hospice of Greene County

## *Legal Assistance*

- a. Area Agency on Aging for Lincolnland
- b. Crisis Center Foundation

- c. Equip for Equality
- d. Greene/Scott County Probation Department
- e. Illinois Lawyer Referral Services
- f. Land of Lincoln Legal Aid

### *Medical Assistance*

- a. Catholic Charities
- b. Department of Human Services Rehab

### *Pregnancy and Parenting*

- a. Catholic Charities
- b. Greene County Health Department

### *Prescriptions*

- a. CVS
- b. Pharmacy Plus – Carrollton
- c. Pharmacy Plus – Greenfield
- d. Pharmacy Plus- Roodhouse
